

NanoInnovation 2024 - YoungInnovation 2024

CECE fabrizio-CV

Dr. Fabrizio Cece is a Scholarship Holder at “Sapienza University of Rome” in the Cellular Biotechnology Laboratory, led by Prof. Cinzia Marchese. In 2023 he obtained a master’s degree in Genetics and Molecular Biology at “Sapienza University of Rome” under the supervision of Prof. Francesca Megiorni.

His research activity focuses on Adipose Stem Cells (ASC). He is involved in the setting up of innovative methods for their clinical application through the use of 3D bioprinters and the use of epigenetic drugs to improve the cells’ potential in osteogenic differentiation. His research also focuses on studying the effects of Nano/Microplastics on human health.
