

Giuseppe Rosace – CV

Giuseppe Rosace is a Full Professor of Chemistry at the Department of Engineering and Applied Sciences, University of Bergamo (Italy).

He is Deputy Chancellor of the University of Bergamo for technology transfer, spin-off and relationships with U4I Foundation.

He coordinates the Textile Chemistry, Composites and Interface Science Laboratory at the University of Bergamo. He is also a member of the PhD board in Sustainable Technologies for Industrial and Construction Engineering (SUSTAIN). Furthermore, Giuseppe Rosace is a founding member of "ArgoChem Srl", a non-participated spin-off authorized by the University of Bergamo.

Since 2013, he has been the general secretary of IFATCC (International Federation of Associations of Textile Chemists and Colourists).

His research activities are mainly focused on colloidal chemistry and the synthesis and characterisation of organic–inorganic hybrid coatings for polymer composites and biomedical applications. His research activity is documented by more than 150 research papers published in peer-reviewed journals or congress communications, 4 book chapters and 4 patents.
