

Lucia SANSONE - CV

Lucia Sansone is a researcher at the Institute for Polymers, Composites and Biomaterials (IPCB) of the National Research Council of Italy. She is a doctor in Industrial Chemistry and in 2002 she got her Ph.D. in Materials and Structures Engineering at the University of Napoli "Federico II".

Her research activities are within the area of engineering and materials science. Research focuses are organic and inorganic materials, mainly polymer-based, recovery materials, and materials engineering for sensing and optoelectronic applications. Her scientific activity has been disseminated through the publication of more than 50 papers in international, peer-reviewed journals, and more than 30 contributions to national and international conferences.
