

Caterina Maria TONE - CV

Caterina Maria Tone is currently a Researcher at the Physics Department of the University of Calabria (Unical). Her interests are in the field of “Biological Soft Matter” and its applications. She is an expert of atomic force microscopy techniques. She got her PhD in 2013 at University of Calabria and after a first appointment as Post-doc at Physics Department at Unical, she moved to the “Institut des NanoSciences de Paris” (INSP-CNRS)(2015), and then to Madrid, working at “Instituto de Ciencia de Materiales de Madrid” (ICMM) (2017) and “Instituto Madrileño de Estudios Avanzados en Nanociencia” (IMDEA-Nanociencia) (2018-2019).
